Bathroom	1 full
Maintenance Fee	\$276.00

Description

Perfectly located on Water St. The Taylor Building is one of my favourite heritage loft conversions by the Salient Group. Beautiful wood beams, exposed brick and reclaimed hardwood floors make this loft residence very desirable by those looking for a little old world charm. This loft is very well laid out with a spacious living area and separated bedroom not always found with this style of home. And a common roof top deck to top it all off. Rentals are allowed with a minimum 6 month term so this can also make for a very good investment property. Public opens Sept. 29 & 30 from 2pm.
